New York City, NY | 913.526.6923 | averie.a.dow@gmail.com | averiedow.com | linkedin.com/in/averiedow

Experienced technology and graphic designer developing new, data-driven tools dedicated to accessibility, creativity, and exploring the intersection of humanity and technology. Creating a more accessible, innovative, and joyful future.

EDUCATION

Bachelor of Science in Information Science - University of Colorado Boulder

Graduation: May 2026 | Minor in Creative Technology and Design | User Experience Certificate | GPA: 3.98

Honors - CMCI Dean's Scholar, Gerald C. Bean, Walker, Schlessman, and Stewart Family Scholarships Recipient

NEO4J - Cypher Fundamentals & Neo4j Fundamentals | Dean's List

EXPERIENCE

LEARNING EXPERIENCE DESIGNER

June 2026 - Present

Echostar Corporation

- Develops **four digital** instructor-led **training** (ILT) courses monthly, delivering engaging, learner-centered training for call center agents.
- Builds **four/month** digital modules in **Articulate Rise** using **HTML, CSS, JavaScript**, AI-assisted development, and **adult learning** principles.
- Designs company-wide digital signage (**five/week**) in **Canva** and **Adobe Illustrator** for domestic and international employee communications.
- Writes** training video **scripts** and internal **newsletters**, translating complex topics into clear, engaging corporate learning content.
- Reviews digital content, web experiences, and visual assets for **WCAG** accessibility, ensuring inclusive, user-friendly communications.

USER EXPERIENCE DESIGNER

Aug. 2024 - May 2026

University of Colorado Boulder Office of Information Technology

- Produces **two high-fidelity design deliverables per month in Figma**, supporting campus-wide institutional platforms and offices while managing **three concurrent design projects biweekly**.
- Developed **10+ page high-fidelity prototype in Figma** and **conducted five usability tests** to streamline campus IT ticket creation.
- Designed Wi-Fi graphics for CU social media for a digital audience of approximately **250k followers**, including students and staff.
- Led redesign of a prebuilt digital product by **synthesizing user research** and collaborating with CU Boulder Police Department, ensuring adherence to **Web Content Accessibility Guidelines**, including color contrast and screen-reader-friendly layouts.

UX RESEARCHER & DESIGNER

Feb. 2024 - May 2026

ATLAS Institute

- Executes UX research (interviews, usability tests, surveys) to uncover needs, create design improvements, and validate design concepts.
- Completes **digital accessibility audits** and recommends brand-aligned solutions to include users and **excel at WCAG standards**.
- Developed **three high-fidelity final prototypes** through the iterative design process, including card sorting and mockups.

WEBSITE DESIGNER

Jan. 2026 - Apr. 2026

Jeans to Jurses - Independent Contract Work

- Designed a **six-page fashion merchandise website**, using stakeholder collaboration and CMS administration of existing website.
- Transformed previous experience into a streamlined shopping site with clear **visual hierarchy, typography, and layout principles**.
- Created copy for text content to ensure accessibility and understanding for a wide range of potential users.

STUDENT AMBASSADOR

Oct. 2023 - Present

University of Colorado Boulder Office of Admissions

- Leads up to **four weekly 90-minute campus tours**, guiding prospective students and families through **12 informational stops per tour**.
- Presents to **50+ attendees per week**, delivering consistent institutional messaging aligned with university brand and visual standards.
- Adapts storytelling structure to diverse audiences, reinforcing key admissions information through clear narrative flow and visual cues.

PROJECTS

HOUSE RULES: DIGITAL PAPER PARTY GAMES

Jan. 2026 - Present

University of Colorado Boulder Information Science

- Designed and prototyped a social gaming platform for digitizing paper-based party games, using **ChatGPT** and **Claude** to execute vibe coding workflows that accelerated **high-fidelity UX/UI development**.
- Leveraged Claude for **thematic analysis** of exploratory research on social gaming behaviors, identifying key opportunities for accessibility and "house rule" personalization.
- Synthesized user-centered concepts that allow for deep social connection through the integration of custom prompts, photos, and inside jokes.

SKILLS AND PROFESSIONAL ABILITIES

SOFTWARE AND TOOLS: Figma, HTML, CSS, JavaScript, Adobe Creative Suite (Illustrator, Photoshop, InDesign), Canva, Miro, PowerBI, Python (Pandas, Beautiful Soup, Matplotlib, NumPy), SQL, Google Analytics, Swift, Xcode, Slate, Tableau, Jupyter, Microsoft Suite, Jira

DATA-DRIVEN DESIGN: User Research & Testing, Qualitative & Quantitative Analysis, Data Visualization (Charts & Dashboards), KPI Development, Information Policy, Graphic Design, Accessibility Auditing, Design Systems, WCAG Accessibility Guidelines

COMMUNICATION & LEADERSHIP: Cross-Functional Collaboration, Feedback Integration, Project Coordination from Concept to Final Delivery, Public-Facing Communications, Facilitating Group Discussions
